IMAGINE: to picture, envision, visualize, see in mind's eye, dream, conceive of, expect, and believe for.

God gave us the gift of imagination. Our mind holds tremendous creative ability so that we can create mental pictures, add faith to them and see those pictures become reality in our lives. Whatever we meditate on, will become the blueprint of our lives!!!

Albert Einstein said, "Imagination ... is more important than knowledge. Knowledge is limited. Imagination encircles the world. Your Imagination is your preview of life's coming attractions"

-  **IMAGINE DOUBLING** your unit size in the next 90 days!
-  **IMAGINE** seeing new consultants all completing a **POWER START** each and every month and becoming standard of excellence within your unit.
-  **IMAGINE EVERY** consultant **MENTALLY FIT** with the highest EQ and ready to soar and grow your future Cadillac, Top Trip Unit or National AREA.
-  **IMAGINE** yourself week after week **LEADING BY EXAMPLE** the most amazing women to their next level of success because God planted that seed inside of you to flourish and grow, dream and envision an abundant life in all areas.
-  **IMAGINE** the **EASE and FUN** you are having as a result of your consistency and hard work. YOU are where you want to be because you imagined it so!

Hebrews 11:1 says that "faith is the assurance of things hoped for, the conviction of things not seen."
